

ref. 99046208

SPENCER STRETCHER

EHBO

Max load: 280 kg
Resistant to extreme temperatures.
Equipped with 4 patient straps, footboard and connection for lifting spider.

DESCRIPTION

Basket stretcher of the brand Spencer. It can be used for both horizontal and vertical lifting, keeping the stretcher horizontal. It is ideal for rescue operations in mines, at height and in water.
The cover is made of high density polyethylene and is connected to an aluminium frame for reinforcement. This makes it easy to maintain. The handles for transport, which are part of the structure itself, are placed all along its perimeter. Inside the stretcher there is a removable mattress, which is impervious to both blood and water.

TECHNICAL SPECIFICATIONS

- Basket stretcher in 1 piece
- Light metal frame
- Adjustable footrests
- Twelve handles
- Surface is insensitive to body fluids and oil products and can be easily cleaned.
- Colour: orange
- Resistant to extreme temperatures (-10 to 50°C)
- Four copper rings in the frame provide strategic suspension points for moving the patient up and down safely
- Includes 4 patient straps (nylon), footboard and connection for lifting spider
- Dimensions (LxWxH): approx. 2150 x 650 x 200 mm
- Max load: 280 kg
- Stretcher Material: High Density PolyEthylene (PDPE), shockproof, and does not rust
- Mattress material: closed-cell water-repellent mattress
- Weight: approx. 12.5 kg

ACCESSORIES

- Protective cover
